Allowance

Allowable Subject Matter

Claims 1-24 are allowed.

The following is an examiner's statement of reasons for allowance: The known prior art does not fairly suggest the medical probe of claim 1, 16, and 21. Specifically, claim 1 teaches device having ultrasound transducers adjacent the distal end of the probe and has a shapeable portion extending proximally the adjacent distal end wherein the shapeable portion is plastically deformable. Claims 16 and 21teaches an outer sheath connected to the handle portion that houses the electrical conductor which extends distally form the handle portion and comprises a shapeable portion having a distal end wherein the shapeable portion is capable of retaining a formed shape as the probe is manipulated within the bodily passage. Crowley discloses a device for making a Doppler measurements and imaging with a body fluid conduit using a invasive ultrasound catheter and probe (claism1-8) but does not teach a device having ultrasound transducers adjacent the distal end of the probe and has a shapeable portion extending proximally the adjacent distal end wherein the shapeable portion is plastically deformable. Nicolas et al., teaches the use of a multiple electrical connect (columns 2-3) but does not teach device having ultrasound transducers adjacent the distal end of the probe and has a shapeable portion extending proximally the adjacent distal end wherein the shapeable portion is plastically deformable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

Notice of Fee Increase on January 1, 2003

If a reply to a "Notice of Allowance and Fee(s) Due" is filed in the Office on or after January 1, 2003, then the amount due will be higher than that set forth in the "Notice of Allowance and Fee(s) Due" since there will be an increase in fees effective on January 1, 2003. See Revision of Patent and Trademark Fees for Fiscal Year 2003; Final Rule, 67 Fed. Reg. 70847, 70849 (November 27, 2002).

The current fee schedule is accessible from: http://www.uspto.gov/main/howtofees.htm.

If the issue fee paid is the amount shown on the "Notice of Allowance and Fee(s) Due," but not the correct amount in view of the fee increase, a "Notice to Pay Balance of Issue Fee" will be mailed to applicant. In order to avoid processing delays associated with mailing of a "Notice to Pay Balance of Issue Fee," if the response to the Notice of Allowance and Fee(s) due form is to be filed on or after January 1, 2003 (or mailed with a certificate of mailing on or after January 1, 2003), the issue fee paid should be the fee that is required at the time the fee is paid. If the issue fee was previously paid, and the response to the "Notice of Allowance and Fee(s) Due" includes a request to apply a previously-paid issue fee to the issue fee now due, then the difference between the issue fee amount at the time the response is filed and the previously paid issue fee should be paid. See Manual of Patent Examining Procedure, Section 1308.01 (Eighth Edition, August 2001).

Questions relating to issue and publication fee payments should be directed to the Customer Service Center of the Office of Patent Publication at (703) 305-8283.
